

Google @fhinkel

Enhanced Script Features

• `async iterators/generators`

• Promise.prototype.finally

• RegEx named capture groups

- WebAssembly streaming compilation

• Big Int support

- Performance and memory improvements

BigInt

```
franzih — node — 80x24
[~$ node --version
v10.11.0
[~$ node
> let a = 2172141653;
undefined
> let b = 15346349309;
undefined
> a * b
33334444555566670000
> BigInt(a) * BigInt(b);
33334444555566667777n
> let c = 2172141653n;
undefined
> typeof c
'bigint'
>
```

EcmaScript Features

- async iterators/generators
- `Promise.prototype.finally`
- RegExp named capture groups
- WebAssembly streaming compilation
- `BigInt` support
- Performance and memory improvements
